"I hear and I forget, I see and I remember, I do and I understand"

According to studies, students find it easier to retain more information by experiencing an activity rather than sitting through hours of lecture. Since children have an inquisitive nature, they tend to understand concepts better through hands-on experience.

Educational tours are a great way for students and educators to absorb, interact and to grasp theory practically. They are not only a huge welcome break for both the students and teachers but also of educational significance to both of them.

An excursion is being organized for the school students of Grade 6 to 10 to Jaipur and Agra from 5th to 9th November 2024.
